RE: Herrick Park Drive Sidewalk & Resurfacing Project Update Letter

Dear Resident,

As part of the City of Hudson's approved Master Sidewalk & Trail Plan, the City of Hudson is preparing for the construction of the upcoming Herrick Park Drive Sidewalk Improvement Project located between State Route 91 & Lascala Drive, which is scheduled for construction this summer.

The project will install approximately 3,000 feet of a new 5 ft. wide concrete sidewalk and curb along the southside of Herrick Park Drive. (Between addresses: 7456 to 7754 Herrick Park Drive.) The project will also include the installation of new storm sewer, storm inlets, driveway aprons, ditch elimination and other miscellaneous utility work along the southside of Herrick Park Drive. The new sidewalk will connect to the new 8 ft. sidewalk to be installed on State Route 91 later this fall and also to the existing sidewalk at the Lascala Drive intersection. The new walk will safely connect residents to the schools, the parks, and downtown Hudson as part of the City Master Plan.

There will be no direct cost or assessments to the individual property owners for these improvements. This is a City of Hudson Capital Improvement Project.

The following is a tentative schedule for this project:

- The sidewalk project will be bid in June 2021.
- Construction will begin in July and be completed in September 2021, weather permitting.
- The resurfacing of Herrick Park Drive from Highgate to Jonathan Drive will follow the completion of the sidewalk project in September 2021.

When we select a contractor, they will be required to maintain local traffic and services (i.e., Mail, Deliveries, Trash Service, etc..) on Herrick Park Drive during the project, and we will update you on this more after we select a contractor in late June 2021.

Access to the driveways and properties along the southside of Herrick Park Drive will be open and maintained during the construction of the project, and the contractor will contact all property owners one day in advance for any closures or work within your driveway. Note: No work is anticipated on the northside of Herrick Park Drive and there should be no driveway disruptions.

If you have an existing private underground dog fence, or irrigation system within 20 feet +/- of Herrick Park Drive roadway, and located on the southside of Herrick Park Drive, please contact us to setup a meeting on the relocation of these private systems within our public right-of-way, so our contractor does not disturb these systems during construction.

The City will update all residents via a letter, that are located between Lascala Drive and SR 91, when a contractor is selected in late June.

For more information on the Herrick Park Drive Sidewalk Improvement Project, and the City Master Plan please visit our website page: www.hudson.oh.us/2021SidewalkProjects and to sign-up & receive project updates go to: www.hudson.oh.us/HerrickParkUpdates

If you would like to contact us via phone, please call the City of Hudson Sidewalk Project phone number at 330-342-1712 and someone will return your call as soon as possible.

Sincerely,

A handwritten signature in blue ink, appearing to read 'T. Sheridan', is centered on the page.

Thomas Sheridan, P.E., P.S., CFM
Asst. City Manager – Professional Services

Attachment: Individual sidewalk plan (For Addresses on the southside of Herrick Park Only)

C: Honorable Mayor Shubert & City Council
Jane Howington, City Manager
Frank Comeriato, Asst. City Manager – Operations
Bradley Kosco, PE PS, City Engineer
